

COST MEASURES 2025

Medicare Spending Per Beneficiary Medicare Spending Per Beneficiary - Clinician Population-based Inpatient - 35
Total Per Capita Cost - Population-based (primary care) - 20
Elective Outpatient Percutaneous Coronary Intervention (PCI) - Episode-based (procedural) - 10
Intracranial Hemorrhage or Cerebral Infarction - Episode-based (acute inpatient medical condition) -20
Knee Arthroplasty - Episode-based(procedural) 10
Revascularization for Lower Extremity Chronic Critical Limb Ischemia - Episode-based (procedural) 10
Cataract Removal with Intraocular Lens (IOL) Implantation - Episode-based (procedural) - 10
Screening/Surveillance Colonoscopy - Episode-based (procedural) 10
Inpatient Percutaneous Coronary Intervention (PCI) - Episode-based (acute inpatient medical condition) -20
Acute Kidney Injury Requiring New Inpatient Dialysis - Episode-based (procedural) - 10
Elective Primary Hip Arthroplasty - Episode-based (procedural) – 10
Femoral or Inguinal Hernia Repair - Episode-based (procedural) – 10
Hemodialysis Access Creation - Episode-based (procedural) - 10
Inpatient Chronic Obstructive Pulmonary Disease (COPD) Exacerbation - Episode-based (acute inpatient medical condition) - 20
Lower Gastrointestinal Hemorrhage (at group level only) - Episode-based (acute inpatient medical condition) - 20
Lumbar Spine Fusion for Degenerative Disease, 1-3 Levels - Episode-based (procedural) - 10
Lumpectomy, Partial Mastectomy, Simple Mastectomy - Episode-based (procedural) - 10
Non-Emergent Coronary Artery Bypass Graft (CABG) - Episode-based (procedural) - 10
Renal or Ureteral Stone Surgical Treatment - Episode-based (procedural) - 10
Diabetes - Episode-based (chronic condition) - 20
Asthma/Chronic Obstructive Pulmonary Disease (COPD) - Episode-based (chronic condition) - 20
Sepsis - Episode-based (acute inpatient medical condition) - 20
Melanoma Resection - Episode-based (procedural) - 10
Colon and Rectal Resection - Episode-based (procedural) - 20
Psychoses and Related Conditions - Episode-based (acute inpatient medical condition) - 20
Emergency Medicine - Episode-based (care setting) - 20
Low Back Pain - Episode-based (chronic condition) - 20
Heart Failure - Episode-based (chronic condition) - 20
Depression - Episode-based (chronic condition) - 20
Chronic Kidney Disease (CKD) - Episode-based (chronic condition) - 20
End-Stage Renal Disease (ESRD) - Episode-based (chronic condition) - 20
Rheumatoid Arthritis - Episode-based (chronic condition) - 20
Prostate Cancer - Episode-based (chronic condition) - 20
Kidney Transplant Management - Episode-based (chronic condition) - 20
Respiratory Infection Hospitalization - Episode-based (acute inpatient medical condition) - 20
